

The Story of Tre Package

I am FAITH I provide chicken these days, but I am no longer indispensable and then Faith realizes it is not complete. Next, the second package speaks and says...I am LOVE and I have the strength to provide sausage & peppers, meatballs, and eggplant; but people put me aside and don't understand my importance to love those who are nearest to them. Waiting no longer, love realizes it is not complete.

Suddenly, a child enters Carlucci's and sees the 2 packages not burning. Then the child begins to cry, "Why are you not burning? You are supposed to stay lit until the end!" Finally, a third package speaks gently to the little child. "Don't be afraid, for I am HOPE, I bring to you crab cakes for all of Bucks County, and while I still burn, we can re-light the other packages.

Never let the flame of Hope leave your stomach...with Hope...no matter how bad things look, and how bad things are...Faith and Love can shine bright together in our lives.
